

PENCILLETTERS.

Such lovely weather.
"Listen to that frog."
"Mardigras" is the way they spell it in Greenville.

Atlanta has 1,500 girls at work in the various mills.

Horse thieves are operating extensively around Nashville.

The newly elected members of our police force have donned brand-new uniforms, and present a noble appearance.

A carload of mules and horses and a car of beef cattle were loaded and shipped south from this point by yesterday's train.

The grand jury of Shelby county has found three true bills against Jas. A. Anderson, late public administrator, for embezzlement.

The Nashville American, of Sunday, notes the fact that John Trayner has been appointed coal oil inspector at Cleveland, Tennessee.

Sunday was a typical spring day, and it was enjoyed immensely, especially in the afternoon, by the pleasure seekers and promenaders.

Miss Mattie J. Bird died at 3 o'clock a. m., February 23d, at the residence of Rev. E. J. Hyatt, Whitesburg, Tennessee, aged 19 years and 10 months.

Those weather prophets who figured out yesterday to be the coldest and severest day of the winter, had better crawl in their hole and pull it in after them.

Yesterday was observed as a legal holiday in the chief cities of the United States, the day falling on Sunday, consequently we have no market reports by telegraph.

We noticed yesterday that the new notion house of Messrs. Ault & Lillard is rapidly being filled with goods. They are certainly getting in a handsome stock of notions.

Washington's birth day, last Sunday, passed off without anybody knowing it hardly. It seems that this memorable event is growing more neglected year after year, in this section.

Knox county securities seem to be somewhat on the advance. A gentleman informed us yesterday that several months ago he was offered 55 cents for bridge bonds and yesterday he was offered 65.

Our wholesale coffee market is quite excited and feverish, as will be seen by our market quotations. There has been an advance of two cents on the pound, all around, within the past week, and it is still advancing.

A number of Mormon missionaries are reported as preaching in and around Carter county. If ever a judicious application of the products of pine trees and the goose were defensible they certainly are in this case.

They say there is no advance on Oliver Chilled Plows. The farmers ought to lay in their supply before the advance, which is sure to come. Woodruff & Co. keep a large stock.

Farmers, Attention! We will have 25 car loads of Land Plaster on hand and for sale. Call early before the supply is exhausted. W. W. Woodruff & Co.

The police force, one man being assigned to each ward and supplied with the proper blanks, began yesterday a thorough inspection of the city to ascertain the exact sanitary condition of all premises and locate all nuisances, after which Sanitary Policeman Mose Smith will come along and abate said nuisances.

Nashville American: "James Robertson, a boy fourteen or fifteen years of age, was drowned in the back-water near South Front street, about half past 2 o'clock yesterday afternoon. He rode a horse into the water for the purpose of watering him, and it is supposed that the horse became frightened, as he took Robertson into deep water and began plunging about."

The latest novelties in Perfumes, Toilet Powders and Toilet goods generally, at Lyons & McCampbell's.

Buyers of Dry Goods Are invited to examine the stock of Dry Goods we have recently purchased, and which is now nearly all in store. Any caller will notice that our present stock is the largest ever shown by us. To prove the wisdom of making so large a purchase at this time, we refer our friends to the daily press, which is teeming with reports of advances in prices. The fact is that the goods purchased only ten days ago are to-day worth 15 per cent. more than we paid for them.

It is our intention to give our customers the benefit of our speculations; consequently, it is clearly to their advantage to buy from us, and to buy at once before other advances, which are predicted by all leading Dry Goods men.

D. B. LOVEMAN & Co.

At 5 o'clock, yesterday evening, after a lingering illness, Miss Margie D. Bell, who was born in Augusta county, Va., March 7th, 1879, and would have been 81 years of age the 7th of next month. She has been a resident of Knox county for many years, and possessed the respect and esteem of all who knew her.

Deceased was an aunt of Mrs. M. E. Thompson. The funeral services will take place at Mr. Tho. peon's residence, in East Knoxville, at 3 o'clock to-day; burial in the family burying ground near by.

LITERARY ENTERTAINMENT.

At the First M. E. Church, for the benefit of the Irish sufferers.
On next Thursday night, the young people's literary society of the First M. E. Church will give a literary entertainment at the above-named church, the proceeds to go for the benefit of the Irish sufferers. The programme, we are assured, will be an entertaining one, and some of the best amateur talent of the city has been enlisted in the cause, and we feel confident that all who may attend will not only be aiding a good cause, but will receive the full value of their money in a rich literary and musical treat. Tickets are only twenty-five cents, and can be had at Shea & Donahoe's, all the book stores, Hope & Miller's, and Marshall & Co.'s music stores. We trust that the church will be filled on this occasion.

Combs, Hair Brushes, Cloth Brushes, Tooth Brushes, Nail Brushes, Bath Brushes, Dressing Cases, Cologne Sets, Hand Mirrors, etc., at Lyons & McCampbell's.

ATTENTION, FARMERS!
500 Bags Fresh-ground Plaster, one car load Seed Potatoes, consisting of Northern Early Rose, Peerless and Russetts.
Two car loads No. Timothy Hay, prime fresh Clover Seed, for sale, very low for cash, at P. M. WILLIAMS'.

Notes About the Courts.
The \$12,500 damage suit of C. Cullen against Gen. Jas. A. Cooper and others was concluded in the circuit court yesterday, and consumed most of the day. Major Webb concluded his argument for the plaintiff, and was followed by Col. A. Caldwell for the defendant. The case was closed by Capt. George Washington, for the plaintiff, and given to the jury, under the charge of Judge Rodgers.

There is yet no decision in the suit of Jacob Staub against the E. T. V. & G. R. R. Co., which has been on hands one week yesterday. The jury announced before the adjournment of court yesterday evening that they were no nearer an agreement. They are divided, as we understand, 11 to 1. They were again respite till the meeting of court this morning, when, if they have not agreed, they will be discharged and a mistrial entered by consent of counsel on either side.

Personal.
Judge L. C. Houk, member of congress from this district, spent Sunday in this city, and went on to Washington Sunday night. He merely stopped over here on his return from a brief trip to Nashville.

Rev. Dr. Thos. W. Humes, President of the University of Tennessee, left on yesterday's train for Nashville, to attend the commencement exercises of the medical and dental departments of the university, which occur in that city to-day.

Judge C. F. Trigg, of the United States District court, left yesterday for Nashville.

Mr. Thos. K. Cree, of the International Young Men's Christian association, who has been in the city for a week, looking after the interests of the association here, left yesterday for Nashville.

Maj. A. H. Pettibone, of Greenville, arrived in the city on yesterday's train.

Mr. J. E. Lutz, bookkeeper at A. Barton's dry goods emporium, returned yesterday from a visit to his home at Rogersville.

Hon. D. C. Trewitt, of Chattanooga, judge of that circuit, was in the city yesterday, and is registered at the Lamar House.

Maj. M. A. Woodburn, of the U. S. Quartermaster's department, headquarters at Chattanooga, spent a few hours in the city yesterday.

Rev. S. M. Williams, of Loudon county, and Orville Taylor, Esq., of Anderson, two substantial citizens, and warm friends of the CHRONICLE, honored us with a call yesterday.

Our young friend, S. Gratz, a popular commercial traveler for a New York house, formerly a clerk at the Lamar House, is in the city, circulating among his many Knoxville friends.

Rev. J. A. Rubie, presiding elder of the Knoxville district, Holston Conference, M. E. Church, came down yesterday from New Market, where he had been holding quarterly meeting.

Misses Lizzie and Della Armstrong, popular belles of Knoxville society, who are visiting in Chattanooga, were attendants at the marriage of Mr. Jas. W. Berry and Miss Anna Watkins, in that city, last week.

River News.

The steamer Harry Helm, landed at our wharf Sunday, and is receiving freight for her return trip. She will leave to-morrow morning on her regular weekly trip to Rockwood, carrying freight to that and intermediate points. Capt. Hood, her master, has employed Jack Courtney as pilot. No one knows the waters of the Tennessee better than Jack. This brisk little craft made some good time on her trip down the river last week. She made the run from Knoxville to Kingston in about 9 hours, actual running time. Who can beat it?

The steamer R. M. Bishop, Capt. W. E. Kindrick, master, arrived Sunday night, with a cargo of freight, including some of Judge Staley's moving plunder. She left again yesterday evening, with a miscellaneous load, including forty-five tons of railroad iron, from the Knoxville iron company, for the Oakdale works, to construct a narrow gauge railway; also fifteen tons of plaster.

Capt. Hugh Campbell came down yesterday with 260 sacks corn for P. M. Williams, and Capt. Jack Newcombe brought down 13,000 feet of lumber for John Rose.

The river is getting down to low stage again.

Of the recent boom in the Clinch and Powell rivers, Capt. Silas Flournoy writes to us from Kingston, under date of 21st inst., as follows:

"Clinch river has now sufficiently fallen to allow the movement of grain from above. Boats are constantly passing, and I am informed by the 'captains' of a pair just passing that there are at least 400 boats on the water (Clinch and Powell rivers) en route to market, representing over a half million bushels of grain. A large number of rafts are also moving."

In regard to the same tide, Esq. Taylor, of Anderson county, informs us that during one day last week 54 grain boats and 95 rafts were seen floating down the stream. This is pretty lively navigation, and we should think Chattanooga would be overrun.

American Watches.
The American Watch Company, of Waltham, received last week an order from the British Government for 372 watches, intended for the use of conductors, engineers, station-masters and other employees of the state railroads of India. This is the third large order received by the company from the same source, and like the former ones, was obtained in public competition with foreign manufacturers. The London Jeweller and Metal Worker, in its issue of January 15, observes, in reference to this order:

"The contract for watches, to be used by the officials on the Indian state railways, has again been secured by the American Watch Company. This is the third time Messrs. Robbins & Appleton have received this distinction, which is not a barren one, for it must be evident to the most prejudiced individuals that the timekeepers supplied on the previous occasions must have given satisfaction, and answered the tests required of them. This is a mortifying fact for Englishmen, especially for those who believe that, were manufacturers here to show more enterprise, they would be able to compete advantageously in the manufacture of all grades of watches."—Boston Advertiser.

The Ice Factory Started.
The proprietors of the Knoxville ice factory steamed up yesterday and commenced the manufacture of ice for the coming season. Under ordinary circumstances this would be regarded as rather an early beginning, but when we consider the fact that there hasn't been a pound of native ice saved this winter, and the possibilities are now against their being any saved; also, the fact that the supply is long since exhausted, our confectioners having been shipping from Atlanta for months, it is none too soon to commence; and the prospect is they will have a home demand for all they will manufacture from now till the close of the summer.

It is Terrible
To have a wife or husband with a bad breath. All this may be avoided by using SOZODONT. It is most agreeable to the taste, fragrant and healthful. It confers comfort upon its users, and prevents the affliction of unpleasant breath.

Fees of Doctors.
The fee of doctors is an item that very many persons are interested in, just at present. We believe the schedule for visits is \$3.00, which would tax a man confined to his bed for a year, and in need of a daily visit, over \$1,000 a year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.—Ed.

Who is Mrs. Winslow?
As this question is frequently asked, we will simply say that she is a lady who, for upwards of thirty years, has unflinchingly devoted her time and talents, as a female physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do cry up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—try it now.—Ladies' Visitor, New York City. Sold by all druggists. 25 cents a bottle.

Do You Want Health?
Why will ye die? Death, or what is worse, is the inevitable result of continued suspension of the menstrual flow. It is a condition which should not be trifled with. Immediate relief is the only safeguard against constitutional ruin. In all cases of suppression, suspension or other irregularity of the "courses," Bradfield's Female Regulator is the only sure remedy. It acts by giving tone to the nervous centers, improving the blood and determining directly to the organs of menstruation. It is a legitimate prescription, and the most intelligent physicians use it. Prepared by Dr. J. Bradfield, Atlanta, Ga. \$1.50 per bottle. Sold by all druggists, and at wholesale by Sanford, Chamberlain & Albers, Knoxville, Tenn.

NOTES, A. I. A., July 7, 1877.
Bradfield's Female Regulator has been thoroughly tested by me in a great variety of cases, and I am fully convinced that it is unrivaled for all that class of diseases which it claims to cure.
